The Rev. Hassold, pastor of the Lutheran Churches of Gladwin, Oberlin, will speak on the theme: "Christ and Peter."

These services are a special means whereby the members of Mt. Hope congregation prepare themselves for the death of Christ on Good Friday and His Resurrection on Easter Sunday.

"Mt. Hope congregation encourages one and all to pause in the midst of their many activities and busy life and give some serious thought to the fact of their relationship to the Savior of all men, Jesus Christ. Time spent at the foot of Christ's Cross now may mean eternal blessings for you in the future," said the Rev. G. H. Light, Pastor.

**Brownie Scouts** President Ann Hulbert took over the beginning of her office with 19 girls present. All stood and recited the 23rd Psalm. All sang "Brownie Smile." The prayer song "Rock My Soul" was reverently sung, after which Patsy Henion led the group in prayer. A Bible, True or False test was next enjoyed. Roll Call was taken by leader, then the girls sang "Our Clock Song."

The girls then made 4 doz. Carnations. Patsy Henion and Sandra Heska served.

A game of bingo was played and Mary Joe Bindschattel won the prize.

The next meeting will be held the 4th of March as a sleigh ride out to Linda Palmers home. All come at 7 o'clock to Mrs. Brown's.

**BAPTIST CHURCH NEWS** The regular schedule of the church has been altered and expanded this week to accommodate participation in a missionary conference sponsored by several Lower Michigan Baptist Conference churches.

The usual Wednesday evening service will be replaced by the monthly meeting of the Ladies' Missionary Society, to be held at the Bradstreet home in Maple Forest at 8:00 p. m.

At 8:00 p. m. on Thursday evening the church will be privileged to meet and hear Rev. Gustav Lundberg, of Chicago, speaking on the work of the Publications Department of the Baptist General Conference.

On Saturday night, also at 8:00 o'clock, the speaker will be Rev. Dale Bjork, missionary to Japan. Rev. Bjork was first appointed to foreign service in Tsingtao, China, in 1946, where he labored until forced out by the Communists in 1950. After two years of deputation work in this country, he returned to the Orient, this time to Japan, where he has been stationed in the Nerima District of suburban Tokyo.

Sunday morning's treat will be a visit by another missionary to Japan, Miss Elaine Nordstrom, whose work has been with young people.

For her present work Miss Nordstrom has been well fitted by training and experience. During her college days at the Duluth Branch of the University of Minnesota she indicated her willingness to serve God wherever He might lead her. After graduation she spent one summer studying at Wheaton College, Illinois, and attending a Christian camp in Canada. The latter experience served to sharpen her desire for the Lord's service, so she spent two more years in graduate work at Wheaton, earning a Master of Arts degree in Biblical Literature. Then before her appointment to Japan in 1951, she served for a time as Youth Director in her home church in Duluth.

Previous to her latest work in Tokyo, Miss Nordstrom assisted in a church in Nihonbashi, and for a period held the posts of Dean of Women and past-time instructor in a Japanese seminary.

Pastor Weld will conclude the week's emphasis with a missionary sermon in the Sunday evening service.

## Dear Lake News

By D. D. DeWing Reporter

Mr. Wm. Dyer and his family are back from Jackson after spending two weeks there. They are staying in the Marion Lloyd's cabin. They had the misfortune of a fire that took their home, car and everything but their night clothes. But they can not leave Bear Lake so soon as the debris can be cleaned up and I think every neighbor Bill has will give a hand besides all his other friends.

Hugh Braugher and Fred Munk were up cat hunting again. They took home a small bob cat last week from cold storage. But this week, if they are telling the truth, they got a live one, 24 lbs., but I still don't believe it.

Kay and Tommy Thomas from Lake Orion were here for a few days. But the dinner date still is good when I visit Lake Orion.

Jim Colegrove, Laura and Jay Doe all from Milford, just stopped in to say hello. They are friends and relatives of Nellie and Felix from Black Bear Bar. They tell Kalkaska near Williamsburg, they last.

all but exhausted the organization's disaster reserves. — funds set aside to be used in event of a national calamity.

As a result, the Red Cross Board of Governors decided that the reserve should be rebuilt by asking the American people to help each year.

"In the meantime," says General Gruenther, "let's hope that we have a reasonably long period of disaster-free weather."

If past history is any indication, General Gruenther's hope does not have much chance of being fulfilled. There will be nearly 300 disaster operations for the Red Cross this year if nature follows its usual pattern.

235 Last Year

In the 1956-57 fiscal year, the Red Cross had 295 disaster operations. These catastrophes killed 871 persons and injured 8,550, while destroying 19,000 homes and damaging 131,000 others.

The Red Cross disaster expenses for this period amounted to over \$17,000,000. These funds provided such emergency mass care as food, clothing and shelter for 311,000 persons. They also made possible

long-term rehabilitation care for 88,000 disaster-stricken families.

The rehabilitation phase of a Red Cross disaster operation is the most important but least known part of its relief program. It ranges from replacing a lost piece of essential furniture to rebuilding and returning a whole house. It also includes helping to re-establish a small, family-owned business, paying medical bills or replacing needed equipment and tools.

Through its network of 3,700 chapters across the nation, the Red Cross gives immediate help whenever and wherever needed. On its national staff, the organization maintains a corps of highly skilled disaster personnel ready to provide essential services at the scene of a catastrophe if chapters need additional help.

Disasters of the 1956-57 fiscal year included hurricanes that mangled Louisiana and Puerto Rico a severe rash of tornadoes that swept the Midwest, floods in Kentucky, West Virginia and Virginia, and scores of fires and explosions.

Major Catastrophes

Listed below are the major catastrophes from July 1, 1956, through June 30, 1957, and the aid provided by the Red Cross.

1. July, 1956: Andrea Doria — After the Swedish vessel Stockholm and the Italian liner Andrea Doria collided off New York, Red Cross workers were standing by to provide assistance when rescue boats docked. 2. August, 1956: Hurricane Betsy — The Red Cross provided repair materials for 35,000 homes in Puerto Rico and, with the cooperation of the Puerto Rican social system, gave emergency mass care to 90,000 persons and fed 250,000 after the tropical storm swept the island.

3. August, 1956: Ohio, Pennsylvania and West Virginia floods: The Red Cross gave long-term assistance to 781 families and provided mass care to 1,600 persons at a cost of \$189,534.

4. Sept., 1956: Hurricane Flossy, which swept sections of Mississippi, Louisiana and Florida. The Red Cross gave rehabilitation aid to 1,445 families and mass care to 17,300 persons. The cost of the operation was \$790,169.

You can't eat atmosphere, but pleasant surroundings make a big difference when you visit . . . and especially when you shop.

We think our store is just about the friendliest. You'll find well-informed clerks, butchers who know their meat, and friendly, accurate check-out girls. We think of our customers as company and treat them as such.

Sunny Summer Fruits can be found in our dried fruit section. Raisins, (rich in iron), prunes, and apricots are in this group. Hundreds of delicious recipes can be concocted from these dried fruits. Raisins are preferred by many youngsters as a confection . . . and what could be better?

Have you entered the Dole jingle contest? The top winner gets a Lincoln, Edsel, Mercury, Ford and Thunderbird. Five cars and no gas allowance, but an extra \$2,500 cash if the entry is accompanied by a label from Dole Pineapple Chunks. It's like to see one of my customers win . . . there's an all-expense vacation for me if you do.

Meet your friends at our store, keep smiling, read the column, and stop around next week when we discuss "Gettin' Our Irish Up"

year that some of these three year subscriptions you can get now would be a pretty good buy. Bob Strong says that his Avalanche won't cost any more with the new postal rates planned, but that there might some day be a slight increase in the price if newspaper keeps going up. In the last ten years second class mailing rates have gone up by ten percent not once, but SIX times. The new proposed increase is a full twenty percent. Some apples!

The new boat licensing law is now in effect, and I have read the full enactment. It looks real serious, but actually, nothing much has changed other than a gross inconvenience has been put on the motor boat public. The enforcement provisions still need a signed complaint... just as always. And the "reckless driving" penalties are the same as have always existed. So now, the owner of any boat which uses a motor (at ANY time) must get a license for that boat. He can either get it from the Sheriff or the place you get your license plates for the car. Two bucks is the cost, the form must be notarized, and the boat must be licensed.

OFFERS AID ON INTANGIBLE TAX

Mr. Lewis P. Morris, 110 W. Sheldon, Grayling, representing the Michigan Department of Revenue will be available for the purpose of assisting taxpayers in the preparation of their intangibles tax returns due not later than March 31. Write or Phone 5721 for appointment.

Intangible personal property subject to the tax includes all mortgages, land contracts, bank accounts, cash, postal savings accounts, accounts and notes receivable, corporate stocks, corporate bonds and other similar types of property. However, all United States bonds, are exempt from the tax, and the tax on deposits in Michigan banks and building and loan associations, as well as stocks in Michigan banks, will be paid to the Department of Revenue directly by the banks or building and loan associations.

Under the present law as amended by the Legislature in 1945, all Corporate Stocks are 100% taxable including Michigan Corporations.

The Department has issued a warning to all owners of property, such as is outlined above, to file the necessary return forms prior to March 31. The Revenue Department is constantly engaged in checking stockholders' lists, mortgage records, income tax returns and other data for the purpose of discovering evasions of the Intangibles Tax Act. Failure to file a return when a tax is due subjects the taxpayer to severe penalties.

In addition to assisting taxpayers in the preparation of their returns, Mr. Morris will also be glad to advise any person concerning his liability, if any, under the Intangibles Tax Act.

Those desiring this advice or assistance are requested to bring with them full information concerning their holdings, including the face or par value, and income received, therefrom, during the year, and copy of the previous year's return filed with the Department.

The family of Mrs. Mary Ann Glorke
